Career Objective

Motivated .NET Developer with 3 months of professional experience in web application development using C#, ASP.NET Core, MVC, and SQL Server. Strong foundation in OOP, RESTful APIs, and database management, with a commitment to continuous learning and professional growth.

Education

P.R. Pote (Patil) College of Engineering and Management, Amravati 2020–2024

- B.E. (Computer Science and Engineering)
- **Percentage: 71.10**

Experience

Jr. .NET Developer Trainee — Kautilyam April 2026 – June 2026
Full-time Trainee | Project: ISG Tango

- Worked on an existing enterprise application using C#, ASP.NET Web API, and SQL Server.
- Supported backend API maintenance, integration, and troubleshooting.
- Assisted in writing and optimizing SQL queries and stored procedures using ADO.NET.
- Investigated and resolved bugs to support application stability and functionality.

.NET Full Stack Developer Trainee — Naresh IT, Hyderabad 2025 – 2026
.NET Full Stack Development Training

- Trained in C#, ASP.NET Core, MVC, Web API, and Entity Framework Core.
- Practiced SQL Server, CRUD operations, and RESTful API development.
- Applied OOP concepts and Repository Pattern.

Projects

Online Parking Management System 2024

- Developed a full-stack web application for parking slot reservation and management using ASP.NET MVC and SQL Server.
- Implemented user registration, authentication, parking slot booking, and reservation management functionalities.
- Integrated Stripe Payment Gateway for secure online payment processing.
- Designed responsive user interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Utilized Entity Framework for database operations and efficient data management.
- Implemented role-based access for users and administrators to manage parking activities effectively.
